Kelcey:

I just spoke with Chris Portillos and she is working on it. She said she can provide an estimate for Gold King Mine but does not have information on Sunnyside. However, she said there may be someone else there who can provide an estimate for Sunnyside and will ask around. She's currently updating figures so will get back to us when she's done with that.

Hi Kelcey and Aaron- Can you help with the Wall Street Journal question below?

15.   We've learned that this particular EPA cleanup project to plug the
mines in the Animas watershed, including Gold King & Sunnyside, cost
$1.5 million and began in July. Can you confirm that?
